Dear Parents,

City of Moonee Valley - School Vaccination Program

Year 10 students

Visit: Thursday 6th March, 2014 11:30am

Year 10 students will be vaccinated against Diphtheria, Tetanus and Pertussis (Boosterix).

Your Son/Daughter will bring home immunization forms today, they need to be completed **even if you don’t** want your child to have the immunizations at school. You need to sign the section that indicates you **do not** want your child immunized at school. Please return the forms at your earliest convenience to the general office. The due date for return of forms is **Monday 3rd March, 2014**.

Yours sincerely

Lisa Nugent
Assistant Principal
